**MEMORANDUM FOR: Chairman, Editorial Board, Studies  
in Intelligence**

**SUBJECT: DD/S&T Representation on the Editorial  
Board, Studies in Intelligence**

The current DD/S&T representative on the Editorial Board, Studies in Intelligence, Donald F. Chamberlain, feels that, in line with a general DD/S&T policy of making these somewhat unusual and interesting assignments available to a maximum number of people, he would like to be replaced. In view of his three and one-half years in this assignment, I concur in his request and nominate [REDACTED] Deputy Director, Office of Research and Development, as the new DD/S&T representative, effective 1 January 1969.
